Education

Birla Vishvakarma Mahavidyalaya Engineering College **2020 – 2024**
B.Tech - Computer Engineering [CPI: 8.78] *Anand, Gujarat*

Technical Skills

Languages: C, C++, HTML, CSS, JavaScript, Java, PHP, SQL
Front-end Technologies: ReactJS, Bootstrap, Tailwind CSS
Back-end Technologies: NodeJS, ExpressJS, WebSockets, MongoDB, MySQL
Other Tools: Linux, Git, GitHub, Ubuntu

Experience

Internauts Infotech **Ahmedabad, Gujarat**
Web Development Intern (Work from home) *May 2023 - June 2023*
- Led the team in developing the project "digiScholar", a scholarship portal using **MERN Stack**. Designed schema for the project and developed APIs for seamless **CRUD** operations.
- Successfully Integrated frontend and backend components of the project.

ThinkBeat Solutions **Ahmedabad, Gujarat**
Web Development Intern (Onsite) *May 2022 - June 2022*
- Designed and developed an employee management system utilizing **ReactJS**, **PHP**, and **MySQL**.
- Architected and implemented the user interface (UI) for seamless task assignment. Created efficient APIs to facilitate task management and collaboration.

Projects | To view more projects, **click here**

CryptoX - A Trading Simulation Platform | *MERN Stack, Bootstrap* **View**
- Developed a user-friendly platform for simulating cryptocurrency trading in a straightforward manner. Implemented Login with Google functionality using **Google OAuth 2.0**
- Used **WebSockets** to demonstrate the real-time price fluctuation and ticker charts. Users can buy and sell coins using dummy amounts to simulate trades. Developed an interactive dashboard with buy and sell filters.

MyCV - A Resume Builder | *MERN Stack, Bootstrap* **View**
- Designed and developed a user-friendly resume builder platform that allows users to create their resumes by filling out a form after creating an account.
- Users can choose from 2 provided templates and download their resumes in **PDF** format.

Contest Notifier - A discord Bot | *JavaScript, DiscordJS*
- Created a discord bot for notifying users of upcoming programming contests in the most famous coding platforms like LeetCode, CodeForces, etc.
- Used an API to fetch the data and implemented logic to notify the users about upcoming contests in the next 12 hours.
- Integrated the bot into the GDSC BVM server, which has more than 250 members.

Leadership / Extracurricular

Google Developer Student Clubs **2022 – Present**
Campus Lead
- Got selected as GDSC Lead for 2022-23. Leading a team of 10 members and managing a community of 700 members.
- Organized and successfully managed 11 events, including campaigns, workshops, and competitions on technologies like ReactJS, Cloud, Python, DSA etc.

Achievements

- Scored 612/800 marks and 99 percentile in the institute in the AON CoCubes assessment test.
- Attained a 3-Star rating on CodeChef with a maximum rating of 1630.*(profile)*
- Achieved a rank of 259 out of 2895 participants in CodeChef starters 80.
- Solved 500+ questions on LeetCode and achieved the highest rating of 1595.*(profile)*
- Earned the sponsored prize in the hackathon Neighborhood Hacks organized by Major League Hacking.
- Selected for the zonal round of Azadi ka Amrit Mahotsav Hackathon, organized by the Education Department, (Higher Technical) Government of Gujarat.
